DO YOU HAVE WHAT IT TAKES TO BE A MATH OLYMPIAD???

If you enjoy *challenging* math questions, like working with friends after school, and are willing to learn some new math skills, then the answer is

YES!!!

Math Olympiads is a club open to OHA 4th, 5th, and 6th graders. Participants are introduced to techniques that help them solve **challenging** math word problems. They also have the opportunity to compete in the National Math Olympiad Contest (given once per month for 5 months: November – March). The club will be held in **Room 8** from **2:30–3:15** and pickup is at the **Upper School circle.**
Due to space restrictions, the club has been divided by grade and will meet on the following **Friday** dates:
