

Second Grade Science Club

Join Mr. Clapp for some fun science experiments in 2nd grade science club! Students won't even realize they are learning while taking part in these cool, hands-on activities and labs. All experiments will be safe but interesting at the same time. From balloon rockets to exploding bubbles we will do it all!

Details

Students will be picked up by Mr. Clapp at 2:25 and will be brought to the Lower School Hallway for pick up at 3:05.

Science Club will be held in the science building.

2nd grade Science Club will be held on Mondays only.
