The month of October is full of amazing things. There's a ton of different foods, pumpkins, Jack-O-Lanterns, apples, costumes for Halloween, and so much more. October is in fall and is full of chilly weather. Something amazing is that leaves fall off trees and turn numerous colors. Pumpkins are also a substantial part of October. People make Jack-O-Lanterns to put in front of their houses for decoration, so children that are trick-or-treating can see it. Trick-or-treating is when children go to people's houses on Halloween and say "trick-or-trea!" and get numerous amounts of candy!

A WINDOW

All I can see is through someone else's eyes. Everything they see. All the lows and highs.
Their world, their decree. The feeling is astounding. As if I was flying around like a bee.
No control. I'm no longer king. Just a viewer. I'm unable to do anything.
I wish I had seen this sooner. The feeling is incredible.
Which gets me to wonder about the future.

A home
Is a place
Where you can
Be alone but not feel
Sad, where you can feel
Safe and calm, what's your home?
My home isn't always a physical place
It could be a place in your brain that
You feel most connected to in your mind
You could have more than one
Home far away that you've
Never been before but you have with
You in your head will find your home.

Beautiful Things

People write poetry about beautiful things. The sky, art, love, our earth...

I want to be a girl people write poetry, books and songs about.

Scribbling away furiously at 2 a.m.

Because you can't rest until you get your feelings about me to form a story

As beautiful as the way you see me.
