

## SUMMER READING LIST 2022-2023 Lower School - Grades K-4

Dear Parents and Students,

When it comes to success in school, it is commonly accepted that there exists a strong correlation between doing well and having a strong reading habit. As a school we are always finding ways by which we can support the efforts of what goes on in the area of reading outside of school.

Our summer reading program is one such endeavor, which we hope instills in our students a joy for reading as well as many hours of pleasure. Our teachers chose this year's books for quality of expression, variety, and interest. We hope you and your children enjoy them.

This sheet and links to activities and assignments can be found at
