

# Computer Club

## Grades 1<sup>st</sup> - 4<sup>th</sup>

### 2023-2024

Computer Club will be held after school on Monday and Wednesday.

- Please see the attached schedule for specific dates available for your students class.

Computer Club enables students of all grade levels to explore the computer in an open setting. They may use a variety of software applications to engage in diverse activities such as computer programming, desktop publishing, animation, and educational gaming activities. Additionally, they will be able to explore, interact and collaborate with their classmates.

In order for Lower School students to attend, a Google form must be completed indicating that your child will be attending computer club on the specific day for their grade level. This form will be a link that the teacher emails at the end of each week.

Seating is limited for all grade levels and will be accommodated on a first come first sign up basis.

The Lower School students will be walked from their classrooms to the computer lab.

**Pick up Procedure: Please pick up lower school students at the lower school circle at 3:05 pm. Students not picked up by 3:15 pm will be brought to extended care in the Tech Center. Thank you!**
