# THIRD GRADE SCIENCE CLUB

## Thursdays from 2:25-3:05

### In the Science Center

Come join us for exploration, observation, experimentation, and FUN at 3rd Grade Science Club! We will be exploring earth, physical, and biological science, as well as learning to utilize different science and engineering practices. All of our activities are hands-on and inquiry-based to nurture a love of science and exploration, all while enhancing student's higher-order thinking skills.
